- You can photocopy and distribute this card to your friends.

Do You Have Questions?

Patient Help Desk: **1-877-321-6755**
 Pharmacist Help Desk: **1 - 800-248-1062**

Please Note:

This coupon is definitely accepted at CVS, Walgreens, Wal-Mart, Target, Stop & Shop, Longs, Sam's Club, Safeway, Drug Fair and most major chains.

Some stores may not accept this coupon.

- Not all drugs will qualify this program.
- Please present this card when you drop off your prescription NOT when you pick it up.

Directions:

Cut out and present the coupon to the pharmacist along with your signed prescription BEFORE your prescription is filled. The pharmacist will put the coupon codes into his computer and tell you if you have a discount coming and how much you are saving compared to the normal retail price.

Important Information:

There are no membership fees, no registration forms, no paperwork, nothing to buy associated with this program. It never expires! It is already activated and ready to use. Carrying this coupon means that you are part of our medicine buying group. It's similar to when you present your AAA card to a motel to get a discount. Most big chains and private drugstores will grant you a discount ranging from 10% to 75% on most drugs but NOT ALL DRUGS when you use this coupon, as long as you are a cash paying customer.

Frequently Asked Questions:

Q: Can you use the Internet Drug Coupons membership card and reusable coupon in combination with other drug coupons?

A: Sometimes you can combine the two. Your pharmacist will tell you on a case-by-case basis which drugs you can combine our coupon with a drug company sponsored coupon.

Q: Can you use the InternetDrugCoupons.com membership card and reusable drug coupon in combination with insurance?

A: NO. You are not allowed to combine our coupon with any type of insurance. (You can use this coupon to get a discount on drugs that are not covered on your plan).

Q: I have Medicare Part D. Can I use the InternetDrugCoupons.com membership card and reusable drug coupon for the so-called "donut hole"?

A: Yes. If the pharmacist is not billing your Medicare Part D insurance carrier for your medicine (and you are paying cash money out-of-pocket) you should be able to use it.
